ENTERTAINMENTS

For Miss Julian.

A clever and unique entertainment was given by Mrs. Clyde Julian on Tuesday afternoon at her home, Whitford place, when she complimented her sister, Miss Katie Julian, whose marriage to Mr. George Burke will be solemnized on Tuesday evening, with a kitchen shower.

The young couple will go into their cozy little home after the wedding, and many articles that will be useful as well as ornamental for the kitchen were received by the attractive young bride-elect.

After the rendering of a beautiful musical program, a delicious menu was enjoyed, sandwiches being served from a dainty aluminum skillet tied with a large bridal bow of white ribbon, while the salad was most tempting from aluminum plates.

CLUBDOM

Gordon Parent-Teachers.

A most interesting meeting of the Gordon Parent-Teacher association was held at the school Wednesday evening, when the annual election of officers for the coming year was held.

The election resulted as follows: Mrs. P. H. Keile, president; Mrs. Eugene Scott, vice-president; Mrs. E. Holmes, treasurer, and Mrs. D. H. Neel, secretary.

Women's Congress.

Supporters of the city of Memphis have been enjoying a rare treat in entertaining and being entertained by Mrs. Chapin, of Syracuse, N. Y.

Mrs. Chapin is a very prominent suffragist and has had many honors bestowed upon her by the suffragists and the women since full franchise has been given to the women of New York state. Under the inspiring enthusiasm of Mrs. Chapin, foundation of what promises to be a large and influential women's organization of the city of Memphis has been laid this week.

This organization is to be known as the Women's congress and is being sponsored by the presidents of the Equal Franchise clubs and the Memphis Equal Suffrage league.

An invitation will be extended to the presidents of all the women's clubs and organizations in the city, inviting them and the members of their organizations to become members. Also an invitation will be extended to all women of the city, whether club members or not, to join. It will be democratic in policy and nonpartisan in politics.

The object of the Women's congress will be to educate women in all matters pertaining to good citizenship; to give definite instruction in regard to registration and voting and to keep in touch with pending legislation and new legislation, especially that pertaining to the welfare of the women, children and home.

By an act of the last legislature the women of Tennessee have been granted the privilege of voting in the presidential and municipal elections. Many times the Southern politicians have stashed with the women of the South did not want the ballot. Only by polling a large vote will women disprove this sentiment and thus help to secure full franchise for the women of Tennessee.

MOORE HEIRS DEMUR TO SCHOOL CHARGES

W. H. Miller, receiver for the estate of the late Charlotte Blood Moore, widow of the late William R. Moore, and Judge Thomas M. Scruggs, attorney for Mrs. Henrietta T. Urquhart and Mrs. A. Schutte, sisters of Mrs. Moore, Thursday filed demurrers to the bill recently filed by Col. J. W. Canada and Leo Goodman, attorneys, in behalf of the William R. Moore School of Technology, in which Miller was removed as administrator pending the hearing of the case.

Mr. Miller and Judge Scruggs allege that there was no cause of action in favor of complainant against them, and that complainant failed to give facts authorizing the court to remove Mr. Miller as administrator of the estate.

It is alleged by attorneys for the school that Mrs. Moore left a will, that there were witnesses to the will and that in the will the two sisters of Mrs. Moore were left only a small amount each because it is said the will stated they were amply supplied with funds. The suit is to establish the will. A preliminary injunction was issued against the bank where the estate of Mrs. Moore was held by the school, restraining the institution from permitting the funds to be removed and a conservator was named, removing temporarily Mr. Miller as receiver.

The will which attorneys claim was made and in effect at the time of Mrs. Moore's death is said by them to have left the bulk of the estate to the school.

DR. FRIEDMAN'S SUIT UNDER ADVISEMENT

Judge Ben Capell of the Second circuit court has taken under advisement the demurrer in the case of Dr. Ben Friedman, who has sued in circuit court the state board of medical examiners for damages in the sum of \$25,000.

The demurrer was filed by F. M. Thompson, state's attorney-general, and J. J. Williams, Jr., as attorneys for the state board, on May 2, and Judge Capell is expected to decide the demurrer before court adjourns for the Centenary celebration next week.

Dr. Friedman was convicted in federal court of violation of the Harrison antinarcotic law and was also tried in the criminal court for the violation of the state antinarcotic act. Shortly after his conviction in the federal court the state board of medical examiners revoked his license. Dr. Friedman then filed a bill in chancery court to have his license restored and won the suit, his contention being that his license was revoked without the board's giving him legal notice. Later the board conferred with the law, gave the notice and Friedman's license was again revoked.

Dr. Friedman conducted his own case in chancery court and is also his own attorney in the damage suit.
